## Private Drive Name Application

***Please complete the entire application  
 front and back, then return to:***

Yadkin County E-911 Addressing  
 P.O. Box 1688 / 213 E. Elm St  
 Yadkinville, NC 27055-1688

### PLEASE READ CAREFULLY

It is very important for emergency purposes that Private Drive Names be unique and unlike any other name being used by the County. Duplicate or Names that sound like existing Names will be rejected. Offensive or Vulgar Names are not allowed. E911 Addressing will determine if the name selected is acceptable.

All property owners that use this private drive to access a home and/or business will be required to use the new name and number as their physical address. As such, the property owners will have the opportunity to help name the drive. A majority of the property owners must agree on a name and sign the back of this form. E911 Addressing is not responsible for obtaining these signatures. If this form is not returned within 30 days, a name will be chosen by the E911 Addressing Coordinator and will not be reversible.

Private Drives are not maintained by the state or county. They are not open to the general public and cannot be blocked by the property owners after being named.

Due to ordering and scheduling, placement of signs normally takes 8-10 weeks. A wooden stake will be provided by the E911 Addressing Coordinator that has the Road Name written on it. When E911 Addressing obtains the date and time for the Utility Locator to check the proposed location, the person filling out this form will be contacted to place the wooden stake where they want the sign to be placed. Do not place the stake until contacted, weather and other circumstances may make the stake less visible. If the location is not clearly marked, the locator service will have to be rescheduled and will cause an 8-10 week delay in placement of the sign.
