County Manager Hughes addressed those present. The County has been looking at capital need projects, like the School System has. The County would like to get a sewer line out to the Brooks Crossroads area and West Yadkin Elementary School. The Yadkin County Schools Capital Committee has been meeting. The Committee is reviewing the School Systems capital needs and trying to figure out the best way to get those projects accomplished. The Board of Commissioners previously committed some funds to the Schools for their capital needs. The County would like to appropriate $400,000.00 of those funds so the School System can do some of the capital need projects that the Committee has identified.
