Dear Yadkin County Citizens,

As County Commissioners, it is our honor and privilege to present you with the third Yadkin County Annual Report. This report gives residents an opportunity to take pride in the accomplishments of our County throughout the past fiscal year.

This report will highlight the statutorily required reporting of the finances and administrative activities of the County (NCGS 153A-82).

As we continue efforts to make government more efficient and accountable, this past year has brought several milestones. Construction of the new Yadkin County Detention Center was completed in November of 2013, the Health Department and Department of Social Services were combined in February of 2013 creating the Yadkin County Human Services Agency, and the property tax rate was lowered from 0.69 to 0.679 per \$100 of value.

We look forward to 2014 and beginning the construction on the Agricultural Center and the East Bend Water line.

In closing, thank you for being part of our County.

Human Services | 5

In 2012, North Carolina lawmakers created a new law giving all counties the option to consolidate the Department of Social Services and the Health Department, an option that the two largest counties in the state (Wake and Mecklenburg) have had available and have successfully implemented for years.

At the February 18th, 2013 Yadkin County Commissioners Meeting a Public Hearing was held on the consolidation of the Department of Social Services and the Health Department. After the hearing the Commissioners voted to combine the two departments to create a Human Services Agency, and appoint a Human Services Advisory Committee. The Human Services Advisory Committee consists of the same type of positions as Board of Health and the Department of Social Service Board had prior: physician, engineer, dentist, nurse, veterinarian, as well as citizen members. Kim Harrell who was previously the Department of Social Services Director was sworn in as the Human Services Director.

Future Fishing Pier

Fishing Pier to be constructed at the 5D Reservoir Park in 2014.

The N.C. Wildlife Resources Commission will stock approximately 400 channel catfish per month into the Yadkin County Park Lake between May and October of each year, beginning in 2014. Fishing in the lake will be open to anglers with a valid N.C. fishing license free of charge. Anglers less than age 16 do not need a fishing license. An ADA-compliant fishing pier will be constructed by the N.C. Wildlife Resources Commission by spring/early summer 2014. All money spent by the N.C. Wildlife Resources Commission comes from a combination of revenue from fishing license sales and the Federal Aid in Sport Fish Restoration Act.

In addition to the fishing pier, construction is expected to begin by the end of the year on a boat launch, walking trails, picnic shelter, and playground. This facility is based on citizen input from the comprehensive master park plan adopted in January 2012.

Yadkin County Park

Yadkin County Parks and Recreation has completed the construction of three new parking lots at the County Park. These parking lots provide residents the opportunity to visit the park for games and events that in the past would not be able to attend due to the limited availability of parking. 14 | Office of the Sheriff

Message From The Sheriff

In last year's Annual Report I wrote about the history of the Office of Sheriff and how the office has changed over the years. I gave information about the duties of the office and the importance of service to the citizens of this County. My priorities were property crimes, drug violations, and crime prevention. I also outlined some of the goals, programs and community meetings that were planned for the year 2013.

Although the past year has been busy, the Sheriff's Office has met many of its goals. Several community meetings were held across the County during the year. The meetings were a success and I had the pleasure of discussing community issues and concerns with citizens across this County. I look forward to having more community meetings this year to address your concerns and better serve your communities.

During the past year Crime Prevention Officers have provided

numerous educational programs to schools, Senior Centers, churches, civic groups, and have helped organize Community Watch groups. The Building Identification Program is well under way as many buildings have numbered decals in the windows and their information has been stored in our 911 Communications Center. The information being stored will be very helpful in the event of an emergency at those locations. Our goal is to have building identification decals on all business and public buildings by the end of 2014.

During the past year employees of the Sheriff's Office have spent many hours working on the new Yadkin County Detention Center. I am happy to say the construction has been completed and we are now in the process of moving into the facility. This new facility will be more efficient and provide a safe and secure area for law enforcement officers and detention staff to work.

Thanks to a cooperative effort between the Yadkin County Board of Education, Board of County Commissioners, and the Sheriff's Office, a grant was received from the Department of Public Instruction. Starting in January of 2014, two additional school resource officers will be working in Yadkin County schools. The officers will be working at the middle and elementary schools in the County.

The year 2013 has been a good year and much has been accomplished, but I look forward to an even better year in 2014. The Sheriff's Office employees have worked hard and supported me in meeting our goal of serving the citizens of this County. We have remained focused on property crimes, drug violations, and crime prevention as you will see in the statistics and data provided. I once again ask you, the citizens of Yadkin County, to assist the Sheriff's Office in making Yadkin County one of the safest and crime free counties in the Nation. Thank you for your continued support, together we can make it happen. It is truly a blessing to live and work in Yadkin County, the place I call home. I consider it an honor and privilege to serve as your Sheriff and look forward to serving in the years to come.

Sincerely,

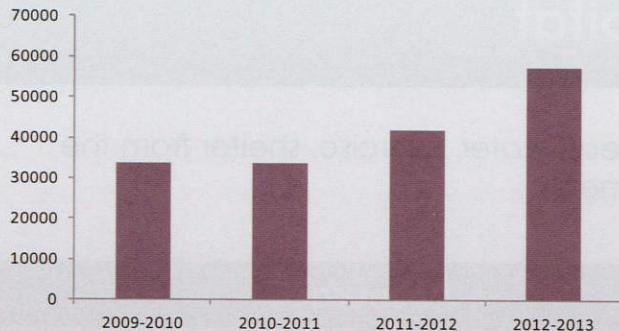

Ricky Oliver

16 | Animals

Healthy Pets, Healthy Communities

Healthy Pet Habitat

Just like us, pets need regular healthcare, plenty of fresh clean water, exercise, shelter from the summer heat and winter cold, as well as regular nutritious meals.

Things to think about:

Space and Location

Is this space free from hazards?
Poisons?
Traffic?
Wildlife/stray animals?

Food, Water, and Shelter

Are they able to access nutritious food, clean water, and be sheltered from weather? In times of cold weather, insure that they have access to water that is not frozen.

Ability to Move Comfortably and Freely

Is the space large enough for the size of the pet? Are there safeguards in place to keep the animal from getting tangled, or injured?

Resources

Local agencies are able to help you find the resources you need to provide a healthy home for your pet. Contacts: Yadkin County Animal Shelter, Yadkin County Human Society, HERO.

Report Concerns

North Carolina has laws to protect animals. If you have a concern that an animal is being mistreated or neglected, report it immediately by contacting the Yadkin County Sheriff's Office at **336.679.4217**. To learn more about the laws visit the Animal Control page on Yadkin County's website (www.yadkincountync.gov)

Rabies

Low cost rabies vaccination clinics are held in the Spring and Fall each year, call the Yadkin County Animal Shelter for information, **336.677.2500**.

Yadkin County had **CONFIRMED** cases of rabies in animals in 2013.

Rabies is deadly to animals and humans - this is why rabies vaccines are required by law for cats, dogs and ferrets by the age of 16 weeks, and all animal bites must be reported.

Do not approach unknown animals, stray animals or wildlife.

Wildlife questions? Call **1.800.662.7137**

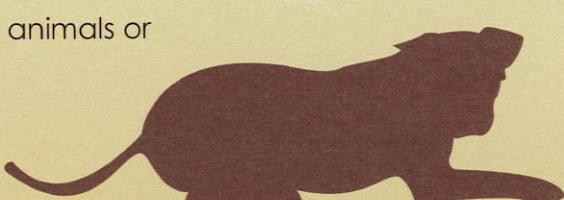

Adoption

THINK ABOUT ADOPTING, BEFORE YOU GO SHOPPING

Approximately **25-30%** of animals in Shelters are purebreds. (Source: Humane Society of the US)

If you have a breed that you prefer, check out the breed specific rescue groups too.

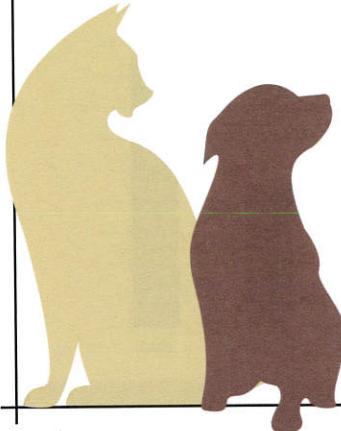

Contact the shelter and let them know what you are looking for; they keep a list and try to match animals with potential adopters.

Spay and Neuter

Facts and Info

Starting in 2014, Yadkin County will have a Spay Neuter Program available for citizens that meet the qualifications. Learn more on the website or by calling the Animal Shelter at **336.677.2500**.

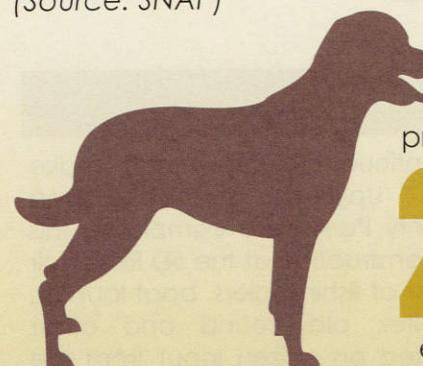

A fertile cat can produce an average of...

3 litters in one year

each litter is on average 4-6 kittens. Over seven years, that cat and her kittens can produce **4,948** more kittens.
(Source: SNAP)

Estimated Cats vs Dogs in Yadkin County

The AVMA (American Veterinary Medical Association) estimates that Yadkin County residents own **9,570 cats**, and **8,760 dogs** - this number does not include stray animals.

A fertile dog can produce an average of...

2 litters in one year

each litter is on average **6-10 puppies**. Over the next seven years this dog and her puppies can produce up to **508** puppies. (Source: SNAP)

Reasons to Spay or Neuter

- Your pet would likely live a longer, more healthy life.
- Better Behavior: less “marking”, and aggression problems. Unaltered animals are involved in **75%** of reported dog bite incidents.
- It's cost effective: the surgery is cheaper than caring for a litter of puppies or kittens, reduces the chance you would have to pay for a vet bill due to aggression, or quarantine due to biting a human.
- Would be more likely to stay close to home. As many as **85%** of dogs hit by cars are not altered.
- Reduces animal over-population. Every year more animals come in to the animal shelter than are there are available homes/adopters. We want to see euthanasia due to over population end, spaying and neutering is an important step to this goal.

Yadkin County Detention Center

Construction was completed on the new Yadkin County Detention Center in November of 2013. The Detention Center is a maximum security holding facility, and tripled the total number of inmates able to be held in the County. The previous detention facility housed up to twenty-nine (29) male inmates pretrial or serving a sentence of less than ninety (90) days. The new Center will be able to house 101 total inmates- 72 male and 29 female at a time. Prior to having this facility the county was working with other counties to cover the housing needs for inmates.

The Detention Center is tasked with protecting inmates from themselves and others, as well as meeting inmates' needs for basic wellbeing. New Detention officers have been hired and trained to staff the new facility. The new Center adjoins the previous facility, at 205 East Cherry Street, in Yadkinville.

Additional information about the facility can be found on the website at www.yadkincountync.gov, or by contacting the Detention Center at 336.849.7840.
