Reference: Sprinkler System
Air Compressor

Dear Dwayne;

We respectfully submit our proposal to provide material and labor to perform the work as described below for the sum of **\$750.00 SEVEN HUNDRED FIFTY DOLLARS**

K & S Sprinkler Company shall remove the fire sprinkler air compressor from the riser and relocate to mount it on the floor beside the riser.

K & S will disassemble the existing pipe and rework the air line from the riser to the floor and reconnect to the system.

All material shall be approved by NFPA-13 for use in fire protection systems.

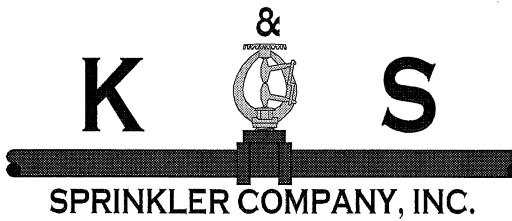

There will be some electrical work required and that is not included in this quotation.

This proposal does not include any other work except that specifically described above.

This proposal is based on NFPA Codes and Standards for nationally accepted fire protection system practices. It does not include any provision for local authority requirements or inspection items exceeding code/standards of NFPA (National Fire Protection Association) and or the International Building Code.

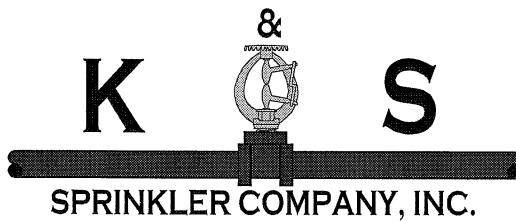

THE FOLLOWING ITEMS ARE NOT INCLUDED IN OUR PRICE:
