Annual Report

We received the first draft of the Annual Report for FY2024. We should be on track for it to be sent out later this month.

VIPER Tower and Communications Center

The VIPER Tower and Communications Center projects are moving along. We received an estimated engineering/permitting cost of the Tower this week of approximately \$91,000. The engineering firm is on State Contract for this project so the County will not need to issue a request for qualifications.
