#### **Facilities Master Plan**

The Facilities Master Plan Committee (IT Director, Finance Director, Fire Marshal, and Public Buildings Director) this week performed facility tours for county owned facilities. These tours allowed each of our subject matter experts to contribute towards developing our Facilities Master Plan. The next step of the Facilities Master Plan will involve meeting with department heads in early September to receive feedback on their facilities. After we have completed department head meetings we will present our Facilities Master Plan to the Board of County Commissioners. The Facilities Master Plan is designed to improve spatial utilization of county facilities and provide a long-term plan on how the County will manage their resources.

#### **2025 Yadkin County Organizational Survey**

On Monday (08/11) a draft of questions for the 2025 Yadkin County Organizational Survey was distributed for review by the Board of County Commissioners. At our Department Head Meeting next Thursday (08/21) Department Heads will be informed about the Organizational Survey and encouraged to have their departments respond to the survey. Having a larger percentage of employees participate in the survey will help us prioritize areas of improvement within the organization.
