

MIKE CAUSEY, INSURANCE COMMISSIONER & STATE FIRE MARSHAL
BRIAN TAYLOR, CHIEF STATE FIRE MARSHAL

NCDOI/OSFM POLICY AGREEMENT

The sharing or borrowing of equipment between or among fire departments, between or among stations within a department, the falsifying of documents, or engaging in any other act of misrepresentation, for the purpose of falsely satisfying an NC 9S Inspection or the grading score of an NCRRS Survey, is strictly prohibited.

Grant equipment received in the past 5 years, by this fire department, has been accounted for by the Inspector. The Inspector has visually examined the equipment at the station. Also, I have verified, through documentation, the location of equipment not on site at the time of the current inspection. I acknowledge this equipment must be retained in operable and usable condition, by this fire department, for a minimum of 5 years from receipt, or the expected life of the equipment.

By my signature below, I acknowledge having read and understand the aforementioned policy of the NCDOI/OSFM Inspection and Survey programs.
