### PLEASE READ CAREFULLY

In order to provide the best possible emergency response service the naming of private drives becomes necessary. Private drive names must be unique and unlike any other name being used in Yadkin County. Duplicate or Names that sound like existing Names will be rejected. Offensive or Vulgar Names are not allowed. After summiting this completed form E911 Addressing will determine if the name selected is acceptable. Please consider a road name that will not invite theft after the sign is installed.

**All** property owners that use this private drive to access a home and/or business will be required to use the new name and a new number as their physical address. As such, the property owners will have the opportunity to help name the drive. 75% of the property owners must agree on a name and sign the back of this form. E911 Addressing is not responsible for obtaining these signatures. If this form is not returned within 30 days, a name will be chosen by the E911 Addressing Coordinator and the property owners will have to start using the new
